Journal American Association of Nurse Anesthetists Volume XXII 1954 Index of Subjects and Authors

A

Aberg, Harriet L.: Anesthetist's responsibility (opinion review), 2 ff.

Adrenal cortex: post-operative insufficiency (abstract,) 62 ff.

Adriani, John: Hypotensive anesthesia, 24 ff.

Age: as factor in anesthesia (case report), 112

American Association of Nurse Anesthetists: Convention, participation at (editorial), 76; membership vs registration (opinion review), 74; program, 21st annual convention, 133 ff.; what it does for me (editorial), 130 ff.

Analgesia: hope for an age of, 225 ff.

Anesthesia: age as factor in (case report), 112; approved schools of (listed), 8 ff.; in cardiac surgery, 33 ff.; cesarean section, 158 ff.; for children, 172 ff.; for encephalography and arteriography (abstract), 202; hypotensive, 24 ff.; intravenous agents in, 164 ff.; intravenous, hazards and complications of (abstract), 119; patient's fear of (abstract), 114 ff.; prevention and treatment of cardiac emergencies during, 247 ff.; problems in cardiac surgery, 29 ff.; safety in, 263 ff.; schools of (editorial), 7; simultaneous bilateral closed pneumothorax occurring during (abstract), 202; special technics, 183 ff.; surgery of heart and great vessels, 256 ff.; for tonsil dissection and adenoidectomy (abstract), 206

Anesthetists: responsibility for malposition, 267 ff.; responsibility in post-operative recovery room, 49 ff.; responsibility of (opinion review), 2 ff.

Anoxia, 94 ff.

B

Benefiel, J. Pauline: A report of hypercapneic convulsions with respiratory arrest following general anesthesia, 276 ff.

Berger, Olive L.: Surgery of the heart and great vessels: anesthesia, 256 ff.

Berry, Robert E. L.: The abuse of parenteral fluids during operation and in the postoperative period, 145 ff.

Blindness: unilateral following anesthesia (abstract), 280 ff.

Blodgett, James B.: Anesthesia problems in cardiac surgery, 29 ff.

Book reviews: Anesthesiology by Forty American Authors, 201; Anoxia of the New-born Infant, 201; Art and Principles of Anesthesia, 282; A Synopsis of Anaesthesia, 282; Fundamentals of Disease, 122; Inhalation Therapy and Resuscitation, 120; Manual on Cardiac Resuscitation, 120; Modern Practice in Anesthesia, 282; Principles of Thoracic Anesthesia, 68; Professional Nursing, Trends and Relationships, 122; Psychodynamic Nursing, 201; Regional Block, 120; Resuscitation of the Newborn, 68; Some Papers on Nitrous Oxide-Oxygen Anesthesia, 282; Story of Nursing 120

C

Campbell, Mary B.: Non-rebreathing technics, 97 ff.

Cardiac emergencies: prevention and treatment during anesthesia, 247 ff.

Carman, J. A.: Psychology and anesthesia (abstract), 114 ff.

Carmichael, Clarene A.: Psychology P.R.N., 89 ff.

Catheterization: cardiac in children, 54 ff.

Cesarean section: anesthesia, 158 ff.

Children: anesthesia for, 172 ff.; crippled, problems in surgery, 81 ff.; psychological preparation for tonsillectomy anesthesia, 87 ff.; rectal pentothal for cardiac catheterization in, 54 ff.

Convulsions: hypercapneic, 276 ff.

Dillon, John B.: Safety in anesthesia, 263 ff.
Dumke, Paul R.: Intravenous agents in anesthesia, 164 ff.

E

Editorial: Another step forward, 7; Case of give and take, 76, What does A.A.N.A. do for me? 130 ff.; Weakest link, 222
Eisaman, Jack L.: Prevention and treatment of cardiac emergencies during anesthesia, 247 ff.
Encephalopathy: anoxic, 95 ff.
Enderby, G. E. H.: Hazards and complications of intravenous anesthesia (abstract), 119
Erythroblastosis fetalis: new attempts in prevention of, 178 ff.

F

Falls, Frederick H.: Anesthesia and cesarean section, 158 ff.

G

Gebs, Lillian M.: Anesthetist's responsibility in post-operative recovery room, 49 ff.

H

Haas, Minnie F.: A.A.N.A. membership vs registration (opinion review) 74; Weakest link (editorial), 222; What does A.A.N.A. do for me (editorial), 130 ff.
Hale, Donald E.: Controlled induced hypotension, 229 ff.
Heart: surgery of, 256 ff.
Heckathorn, Helen: Rectal pentothal for cardiac catheterization in children, 54 ff.
Henry, Pauline E.: A.A.N.A. membership vs registration (opinion review), 74
Hypotension: Blindness following anesthesia with (abstract), 280 ff.; controlled induced, 229 ff.

I

Inhalation therapy, 15 ff.
Intravenous agents: in anesthesia, 164 ff.

K

Karp, Mary: Inhalation therapy, 15 ff.
Kreuter, G. C.: Anesthesia for children, 172 ff.

L

Leffingwell, Forrest E.: The anesthetist's responsibility for malposition, 267 ff.
Legislation: aged patient's bedfall due to own negligence, hospital not liable, 106; anesthetist liable for injuries caused by anesthetic unauthorized by patient, 56; court affirms judgment against employer for injuries caused by pre-employment blood test, 210; death action of newborn burned in bassinet, court affirms dismissal of, 286; death of baby in bassinet fire due to professional negligence, 57; evidence fails to sustain claim patient was dropped while being transferred to wheelchair, 209; government pays for operative injuries to medical secretary admitted as patient, 109; hospital must pay infant for failure to provide proper care for mother, 57; hospital ruled negligent in mental patient's death 110; husband's consent to operation unnecessary even if miscarriage may result, 106; immunity from damages denied charitable institution using property for commercial purposes, 209; injured infant's claim not barred by statute of limitations, 286; nurse attending instruction classes regarded beneficiary of hospital's philanthropy, 108; physicians absolved of negligence in anesthesia death of child, 284 ff.; private hospital responsible if forewarned of mental patient's suicidal tendencies, 106; unauthorized operation adjudged assault barred by statute of limitations, 108; unborn child has cause of action for injuries incurred before birth, 108; Washington withdraws immunity for injury to paying patients, 109; Wisconsin county hospital liable for injuries to paying patient, 110
Lucas, Leo S.: Problems in surgical treatment of crippled children, 81 ff.
Lundy, John S.: Hope for an age of analgesia, 225 ff.

M

Malposition: anesthetist's responsibility for, 267 ff.
Margulis, R. R.: New attempts in the prevention of erythroblastosis fetalis, 178 ff.
Muscle relaxants: shorter acting, 240 ff.

N

Negro: as an anesthetic risk, 235 ff.
Non-rebreathing technics, 97 ff.

O

O'Brien, Charles E.: Current concepts of pulmonary function, 36 ff.
Odila, Sister Mary: Solution to difficult problems by use of special technics of anesthesia, 183 ff.

P

Parenteral fluids: abuse of during and after operation, 145 ff.
Personality changes: as result of cardiac arrest (abstract), 118 ff.
Poe, Mary E.: Negro as an anesthetic risk, 235 ff.
Psychology: Preparation of children for anesthesia in tonsillectomy, 87 ff.; P.R.N., 89 ff.; removing patient's fear of anesthesia (abstract), 114 ff.
Pulmonary: current concepts of function, 36 ff.

R

Rauh, Albert E.: Anoxia, 94 ff.
Recovery room: post-operative responsibility of anesthetist in, 49 ff.; surgical (news note), 58 ff.
Respiratory arrest: following general anesthesia, 276 ff.

S

Schools: of anesthesia approved by AANA (editorial), 7; of anesthesia approved by AANA (listed), 8 ff.
Sooy, Francis A.: Psychological preparation of children for tonsillectomy anesthesia, 87 ff.
Surgery: cardiac, anesthesia problems in, 29 ff.
Sweet, Robert B.: The shorter acting muscle relaxants, 240 ff.

T

Tonsillectomy: Psychological preparation of children for anesthesia for, 87 ff.
